# WASTE and POLLUTION

By: Anitapoems.com

We all need to reduce our waste,  
Let's do it now,  
with plenty of haste.

It's also important,  
for us to reuse,  
If we're really lucky,  
We'll be on the news.

Our future,  
must be sustainable,  
We can do it,  
it's all attainable.

About our environment,  
we need to care,  
It's the only one we have,  
and we have to share.

Global warming,  
and greenhouse gases,  
To see the harm,  
you don't need glasses.

As a team,  
we'll reduce pollution,  
Caring is the first solution.

## Top Reasons why Recycling is IMPORTANT.

1. RECYCLING SAVES TREES

2. RECYCLING PROTECTS WILDLIFE HABITAT AND BIODIVERSITY

3. RECYCLING REDUCES THE USE OF TOXIC CHEMICALS

4. RECYCLING HELPS CURB GLOBAL WARMING

5. RECYCLING REDUCES WATER POLLUTION

6. RECYCLING REDUCES THE NEED FOR LANDFILLS AND INCINERATORS

7. RECYCLING CREATES JOBS AND PROMOTES ECONOMIC DEVELOPMENT

## BLACK HISTORY CELEBRATION

WHAT IS EASTER?

Easter is the most important Christian festival. Christians are followers of Jesus Christ who lived about 2000 years ago in a country called Palestine. They believe that Jesus was the son of God. At Easter time Christians remember the last week of Jesus' life.

WHEN IS EASTER?

Easter Day is always on a Sunday, but the date varies from year to year unlike Christmas which is always on 25 December. Many years ago Christians decided that Easter Day should be always be on the Sunday following the first full moon after the first day of Spring on 21 March. This means that Easter can be as early as 22 March or as late as 25 April. For this reason Easter is called a movable feast.
